

Environmental Policy

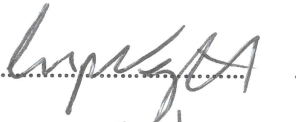

IMS-S5.1

Melling Performance Springs Ltd are committed to undertaking the design and manufacture of precision machined components utilising methods which support environmental sustainability. Wherever possible, the organisation will pursue the reduction of waste and prevention of pollution, whilst meeting all compliance obligations, statutory and regulatory requirements.

In order to support this commitment, MPSL are actively maintaining and continual improving an environmental management system which is accredited to and satisfies the criteria of ISO14001.

This policy is presented and approved by the undersigned:

Crispian Knight Managing Director
